

Employees who work in a commercial district are strongly encouraged to walk (if possible), bicycle or take transit to their workplaces so that as many parking spaces as possible are left available for customers. To assist businesses located in the Coolidge Corner and Brookline Village commercial areas, however, a limited number of employee parking permits are available for purchase. Here's how they work:

### Commercial On-street Permits

Qualified businesses located in a commercial district are eligible to receive an employee parking permit that allows parking on a designated residential sidestreet within a 1/4 mile of the commercial district. Holders of these permits are guaranteed a parking space on the street. The terms of this permit are as follows:

Cost: \$500 per year

Limits: no limit on number of permits each business can have

Hours: 8 AM - 8 PM, Monday through Saturday. Vehicles are exempt from time-based restrictions such as "No Parking 8 AM to 10 AM"

Renewal: Annual renewal by July 1, expiring June 30.

Because these commercial parking permits are hang tags they can be shared among

employees! For more information contact Josh Layne at 617-730-2177 or download the application by [clicking here](#) .
